

Transportation Management

Winona Campus

OVERVIEW

Become a leader in the field of moving products, people, and priorities across town or across the nation.

Get ready for a fast moving career! At Minnesota State College Southeast in Winona, you can earn an Associate of Applied Science degree in Transportation Management in 2 years or less.

Hands-on truck driver training is just the beginning. After you earn your commercial driver's license (CDL), you will progress to coursework related to dispatch, fleet management, business, and accounting. And if you already have a CDL and driving experience, Credit for Prior Learning may be an option.

People who work in this career field can expect to have high-level responsibilities. In a typical work day, you may:

- Request, coordinate, and monitor movement of products
- Choose transportation routes with the highest return on investment
- Review work orders and arrange maintenance activities
- Set schedules to determine work operations

If you're ready to start a career in a dynamic, fast paced work environment, consider a degree in Transportation Management. Full-time and part-time tracks available in this program -- you can enroll anytime.

PROGRAM OUTCOMES

Program graduates will be able to:

1. Understand business principles critical to the management of transportation fleets and workers.
2. Learn the keys to business dynamics, ethics, and operations used every day across the industry.
3. Obtain a Commercial Driver's License
4. Develop the communication skills needed to effectively correspond with professionals across the business hierarchy.

PROGRAM HIGHLIGHTS

Hands-on training combines the rigors of Commercial Driver's License curriculum with business and accounting concepts critical to managing people and fleets.

Opportunity to offer credit for prior learning (CPL) to students who currently hold a CDL and have existing experience in the field of truck driving.

On-line options for students looking to complete the degree while working full-time in the truck driving industry.

Perfect educational option for professional truck drivers interested in moving out of the cab and into the office.

Full-time and part-time tracks available. Enroll anytime.
