Radiography Program Admission Process and Checklist

Welcome to Minnesota State College Southeast. We are pleased that you have indicated an interest in the Radiography (AAS) program. The deadline to be considered for admission is June 15. All items must be completed in order to be considered an applicant for admission to the Radiography program.

Admission to Minnesota State College Southeast

- Students not enrolled at MSC Southeast must apply online and submit the $20.00 application fee.
- In order to be considered for the Radiography Program, you must be accepted to MSC Southeast.
- Request college transcripts from all institutions the applicant has attended (except any Minnesota State colleges and universities institutions attended after 1990). Official transcript(s) from any other colleges must be sent directly from the previous institution(s) to the Registrar’s Office.
- ACT scores are accepted; otherwise students will be required to take the Accuplacer placement exam (taken in LRC)

Apply to the Radiography Program by completing the forms below

- Once students have been accepted, they will be required to submit to at least one random urine drug testing prior to attending any clinical practicum. This is at the student’s expense.
- The Radiography program does not maintain a waiting list; therefore applications must be resubmitted every year for consideration.

Please note: The Radiography program is available on the Winona Campus only.

CHECKLIST

Student Name: ______________________________________________________________________________

- Application form
- $20.00 application fee, a one-time fee for new enrollees (Fee waived for students who attended credit courses at MSC Southeast, Red Wing or Winona campus)
- Completed Program Prerequisite Checklist: PAGES 2-3 –to include the following:
  - Health Record Form: PAGES 4-6
  - Radiography Essential Abilities Form: PAGES 7-8
  - Criminal Background Check Form: PAGE 9. The study will be run prior to your first fall radiography courses and annually thereafter. (Return form to Allied Health office.)
  - Copy of current CPR card (American Heart Association-CPR for the Healthcare Provider or American Red Cross-CPR/AED for the Professional Rescuer)
  - Copy of current TB test (Mantoux)
  - Anatomy and Physiology I prerequisite (Completion of BIOL2515 or equivalent course with a grade of C or higher) (Completion of required course BIOL2516 Anatomy and Physiology II or equivalent with a grade of C or higher is also strongly advised before starting the program)
  - College Algebra prerequisite (Completion of MATH1220 or equivalent course with a grade of C or higher)
  - College English prerequisite (Completion of ENGL1215 or equivalent course with a grade of C or higher)
  - Official college transcript(s) to be sent directly from previous institutions (If you are a former student of MSC-ST, you do not need to request a transcript)
  - Patient Care Experience (see criteria below)                   (Revised 2/25/19)
Radiography Program Prerequisite Checklist (Pages 2-3)

Student __________________________ Date/Time Completed ________________

Date Received in Admissions __________________________________

Application Deadlines: **June 15th** to be considered for **fall** semester. The checklist must be complete and all documentation received to be considered for admission. This checklist will be retained for one year.

2 Minnesota State College Southeast Radiography Program www.southeastmn.edu Updated 2.25.19
Date Received: 

**Patient Care Experience**

This requirement is met by exhibiting DOCUMENTED experience in the following areas:

- Certified Nursing Assistant (CNA certification)
- Ward Secretary/Health Unit Coordinator
- Patient Care Technician/Medical Assistant
- Dental Hygienist/Assistant
- Emergency Medical Technician/First Responder
- Athletic Trainer
- Ski Patrol
- Volunteer Ambulance or Fire Fighter
- Minimum of 40 hours of documented volunteer work with direct patient contact
- Minimum of 40 hours of documented care giving for a disabled family member
- Hospice experience

**Radiography Grade Requirements**

- Courses taken at Minnesota State College Southeast must be a grade of C or higher
- Transfer grades in Liberal Arts must be a grade of “C” or higher
- Transfer grades in Technical Courses must be a grade of “B” or higher
Radiography Program Health Record Form (Pages 4-6)

Minnesota State College Southeast is asking you to provide private information in order to process your Radiography Health Record Form. This information will be used to update your health records. You are not legally required to provide this information; however, the college may not be able to effectively process your request if you do not provide sufficient information. Access to this information will be limited to school officials, including faculty who have legitimate educational interests in the information. Under certain circumstances, federal and state laws authorize release of private information without your consent: to other schools in which you seek or intend to enroll, or are enrolled; to federal, state or local officials for purposes of program compliance, audit or evaluation; as appropriate in connection with your application for, or receipt of, financial aid; if the information is sought with a court order or subpoena; or as otherwise permitted by other state or federal law. If you have any concerns or questions about this form, please contact the Radiography Program Director at 507-453-2799. Please return completed form to the Allied Health Office.

Health Insurance is strongly recommended. Any hospital or medical costs incurred while a student are the responsibility of the student.

Please read carefully and sign:

I understand that there are conditions for which accommodations may be appropriate under the Americans with Disabilities Act and that the Radiography Program will make all reasonable accommodations required by law for otherwise qualified individuals. To receive accommodations, I must contact the counselor’s office.

I understand that any health care costs incurred during the period of time I am a student in the Radiography Program will be my responsibility.

I hereby grant Minnesota State College Southeast permission to share information contained in the HEALTH RECORD FORM with those clinical institutions with whom I affiliate in my student role, should the clinical institution request or require it.

I understand that failure to sign this form or to provide the information requested could mean that a clinical site may refuse me placement at their facility. The Radiography Program does not guarantee an alternative facility placement. I also understand that if no alternative facility placement is available, I may be unable to progress in the Radiography Program.

I certify that the information I have provided on this form is complete, accurate, and true to the best of my knowledge.

Radiography Program Health Record Form

Immunity Requirements

**Tuberculosis Immunity**

Mantoux test: A licensed person must read the Mantoux.

Date given: _______________ Date read: _______________ Result: _______________

Name of person reading Mantoux __________________________ Credential __________________________

Signature of person reading Mantoux _________________________________________________

Administrating Agency ______________________________________________________________

**Chest X-ray:** required only if your Mantoux result is positive. The Radiography program requires a yearly chest x-ray for individuals with a positive Mantoux.

Date of X-ray: ___________________________ Results: _______________________________

**MMR Immunity**  All students must have ONE of the following:

Documentation of two MMR’s Dates of Vaccination: _______________________________

OR

Rubella titer indicating immunity Date Titer Read: ________________ Result ________________

**Hepatitis**  All students must be vaccinated against hepatitis B. *Exception—Hepatitis B has been initiated.*

Date of 1st dose of vaccination

Date of 2nd dose of vaccination

Date of 3rd dose of vaccination

**Diphtheria – Tetanus (Adult Type)**  All students must know their diphtheria-tetanus status

Date of last vaccination

Inoculation for tetanus with in the last 10 years is required.

*(Continued next page)*
**Chicken Pox**  All students must know their chicken pox status either by:

- having had chicken pox
- have not had chicken pox

OR, if you do not know your chicken pox status you must have a titer.

Chicken pox titer  Date Titer Read: __________________

- Chicken pox titer indicates immunity.
- Chicken pox titer does not indicate immunity.

**Annual flu shot**  All students must have an annual flu shot to attend clinical practicum and we recommend you wait to get one during the fall semester when new flu vaccinations are made available.

*Immunity Requirements: please do not submit this form until all requirements are met* and data are provided.
Radiography Program Essential Abilities Form (pages 7-8)

The Radiography program essential abilities listing is to make you aware of the physical, cognitive, and mental capabilities you may encounter once employed in a radiography position. These abilities are typical of the demands of a radiographer in the work setting. The curriculum requires demonstrated proficiency in a variety of cognitive, problem-solving, manipulative, communicative and interpersonal skills. If you have any questions regarding these, you should contact the Program Director or the Admissions advisors. Please sign and turn in this completed form with your checklist.

Physical Activity Requirements

Occasional
- Crouching - positioning patients for exams and stocking supplies
- Repetitive motions - entering computer data
- Grasping - positioning patients for exams and procedures
- Pulling - moving items that can weigh as much as 100 pounds

Frequent
- Pushing - transporting patients in wheelchairs or on carts using up to 50 pounds of force. Moving portable and C-arm equipment with up to 50 pounds of force to areas of the hospital.
- Pulling - assisting and moving patients off and onto carts using 8 to 40 pounds of force.
- Lifting - moving patients (who can weigh more than 50 pounds) from wheelchair/cart or stretcher off and onto exam tables.
- Fingering - entering computer data and setting radiographic exposure techniques for exams.
- Carrying - carrying imaging cassettes that can weigh as much as 25 pounds.

Routine
- Stooping - positioning of exams and assisting patients in and out of wheelchairs.
- Reaching - positioning patients and manipulating portable equipment.
- Standing - all clinical assignments require standing.
- Walking - transporting and assisting patients into dressing/exam rooms. Walking to other areas of the department and hospital to do exams or have images interpreted.
- Talking - must be able to communicate verbally in an effective manner with patients, co-workers, and physicians.
- Hearing - perceiving the nature of sounds during auscultation (listening) and percussion (tapping on a surface to determine the underlying structure).
- Feeling - perceiving attributes of patients and objects such as when positioning patients for procedures or palpating veins for IV insertion.

Visual & Hearing Acuity Requirements
- During clinical assignments, students are required to use a computer console and select the proper exposure techniques on the x-ray equipment.
- Clinical assignments require critiquing (evaluation) of radiographs.
- Clinical assignments require working with printed and/or written documentation.
- Students must be able to assess patient’s condition, i.e., color, respiration, motion, etc.
- Students must be able to hear in order to communicate with patients while taking a history, giving positioning instructions, or interacting with other team members.
- Students must be able to hear instructions from doctors under conditions such as: in a darkened fluoroscopy room & in surgical attire.

(Form continued next page)
Intellectual and Emotional Requirements

• Students must be able to critique (evaluate) radiographs and determine diagnostic quality.
• Students must be able to make adaptations and respond with precise, quick and appropriate action during emergency situations.
• Students must maintain patient confidentiality.
• Students must be able to maintain a high standard of courtesy and cooperation in dealing with co-workers, patients, and visitors with satisfactory performances despite the stress of a hospital/clinic work environment.
• Students must be able to learn to analyze, synthesize, solve problems and reach evaluative judgment.
• Students are expected to be able to learn and perform routine radiographic procedures. In addition, students must have the mental and intellectual capacity to calculate and select proper technical exposure factors according to the individual needs of the patient and the requirements of the procedure with speed and accuracy.
• Students must be able to accept criticism and adopt appropriate modifications in their behavior.
• Students must demonstrate appropriate emotional health required for utilization of intellectual abilities and exercise good judgment.

Clinical Situations

• Students may be subjected to electrical, radiant energy, and chemical hazards.
• Students may be subjected to trauma situations or surgical experiences.
• Persons in the radiologic sciences have been identified as having the likelihood of occupational exposure to blood or other potentially infectious materials and, therefore, are included in the OSHA Exposure Control Plan with its specifications to prevent contact with the above materials.

If you have a documented disability, there may be accommodations that can be made to assist in your successful completion of the program, please see a college counselor.

☐ Yes  ☐ No I have read and understand the Program Essential Abilities relative to the Radiography Program.

The inability to meet all of the Program Essential Abilities will in no way prohibit your acceptance to the Radiography Program.

The Americans with Disabilities Act bans discrimination of persons with disabilities, and in keeping with this law, Minnesota State College Southeast makes every effort to ensure quality education for all students. It is our obligation to inform students of the essential abilities demanded by the program and of the occupation. Students with documented disabilities which require accommodations or special services to meet the Essential Abilities of the program should contact Disability Services (507-453-1443) for assistance, advising and arrangement of appropriate accommodations.

Sign and turn in this completed form with your checklist.

Radiography Program Criminal Background Check Form (Page 9)

**DISCLOSURE – PREPARATION OF A CONSUMER REPORT**
To process your application with Minnesota State College Southeast, a background check will be conducted by NetStudy 2.0. In accordance with the U.S. Fair Credit Reporting Act SS 606, we notify you of the following: A background check report may contain information bearing on your character, general reputation, personal characteristics, mode of living and credit standing, information may include, but is not limited to: employment history, education, criminal records, credit history, motor vehicle records, personal references, and any data provided on this application, or during the interview process.

Please read the following and, if acceptable, authorize us to order an investigative report to be prepared by NetStudy 2.0.

**AUTHORIZATION – TO PREPARE INVESTIGATIVE, CONSUMER REPORT**
I authorize the appropriate individuals, companies, institutions or agencies to release information required for the preparation of an investigative report on me and to respond to all inquiries necessary for the same.
