

This form IS FOR problems involving a student and a school employee. This form is NOT FOR a grade appeal, or allegation of harassment or discrimination.

**Complaints and Grievances Procedure**

This procedure details the informal and formal process for resolving complaints and grievances involving a student and a school employee.

- **Step A: Informal Process**

If a problem exists involving a student and a college employee, the student should seek to resolve the problem by discussing the situation with the college employee. The student is encouraged to put their concerns in writing, identify the issue, identify possible options for resolution, and ask the employee to meet with them at a time when they can both provide the issue full attention. If the student is not comfortable speaking with the employee by themselves, they are encouraged to reach out to the supervisor of the employee for assistance in arranging and facilitating a conversation. If this does not resolve the issue, or this approach is not feasible in the particular situation, the student may refer the issue to the cabinet member who oversees the employee.

- **Step B Formal Process:** If the problem cannot be resolved through the informal process, the student may submit a grievance, in writing, to the cabinet member who oversees the employee. All grievances must be submitted in writing on the Student Grievance Form which is available through the Student Affairs office. The aggrieved student should submit the completed grievance form to the cabinet member within 30 business days of the occurrence of the event on which the complaint is based. The cabinet member will review the complaint, meet with involved parties, and render a decision in the matter. The decision of the cabinet member is final, only with exceptions as described in part 3 of the policy.

**Cabinet members include:**
